GOALS AND ASPIRATIONS

My goal is to enhance and combine my computer science and design skills with a company that will allow me to contribute to their success and their brand in a fast paced and collaborative environment. I aspire to create and maintain complex and meaningful software to make the lives of the people who use it easier.

TECHNICAL SKILLS

- Languages: Python, Javascript, HTML, CSS, C#, PHP, Java
- Frameworks/Libraries/Platforms: React, Flask, Node.js, Bootstrap, Express, jQuery
- Editors/Tools: Git, Visual Studio code, Visual Studio, Sublime Text, Unity3D, SVN

EDUCATION

B.S. Arts & Entertainment Technologies - University of Texas at Austin (8/2017 - 5/2021) GPA: 3.89

- Certificate: Computer Science - Elements of Computing
- Relevant courses: Elements of Software Design, Elements of Software Engineering I, Elements of Data Analytics, Game Development, UI/UX, Foundations of IT Management, & more

PROJECTS

- Personal Website - made with React
- Find-A-Friend - Pet adoption site made with React, Flask, and PostgreSQL
- Out-There - Volunteer opportunity finder made with jQuery, PHP, and MySQL

EXPERIENCE

UTeach Outreach - Computer Science Intern (8/2018 - 5/2021)

UTeach Outreach - Python and Arduino Teaching Assistant (6/2020 - 7/2020)

- Taught youths (grades 6th-9th) of Austin programming in Python, circuitry on Arduino, and Logic
- Worked in a team with other instructors, teaching curriculum on a tight schedule
- Troubleshooting: Ensured each student could operate an Arduino device on whichever operating system/computer they had on hand (mostly MacOS, Windows, or Chrome OS)

Firstmark Credit Union - IT Intern (6/2018 - 7/2018)

- Worked with Networking team, Software programmers, System administration, and Cyber Security
- Learned to reimage computers for reuse using software developed by Firstmark devs that saved the bank thousands new computer systems
- Troubleshooting, computer techniques: command line, networking
- Became familiar with day to day operations of each role in the IT department
- Computer/device permissions management with active directory management system

Firstmark Credit Union - IT Intern (6/2017 - 8/2017)

RECOGNITION AND INVOLVEMENT

- Austin Hispanic Hackers
